

## Powerful New SAM4POS Mobile Report App

The SAM4POS Mobile Report App from SAM4s allows owners/managers the ability to review sales data remotely via their phone or tablet. One SAM4POS Mobile Report App allows for quick reporting on multiple terminals at one location. Available for Android or iOS devices.

- Review reports on your phone or your tablet – no matter where you are!
- For Android and iOS.

### So Easy to Use

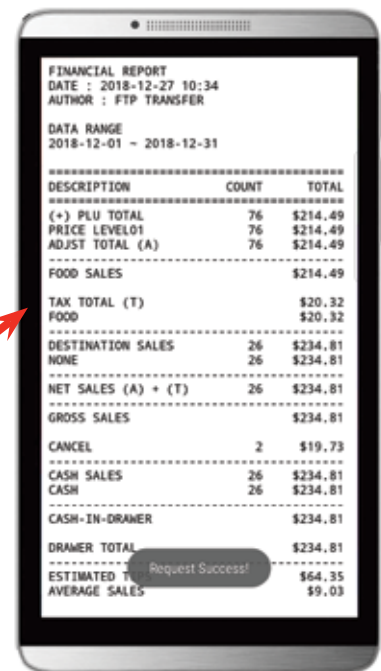

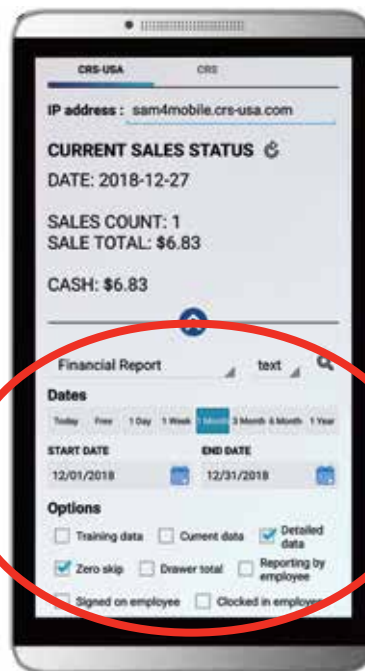

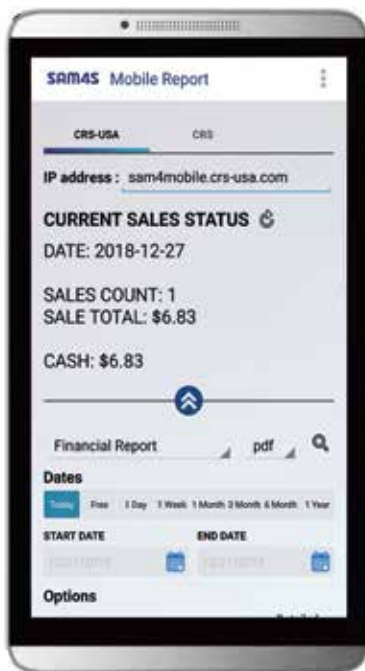

**Open the App** – automatically shows current sales data.

**Press Refresh** – to automatically refresh the sales data.

**Reports** – quickly generate daily, weekly, monthly, yearly and custom date range reports.

### Available Reports

- Financial • PLU • Group • Period • Open Check • Stock
- Labor • Food Cost • Time In/Out • Promotion • Product Mix
